One of the officers attached to the Hospital may be termed Resident medical officer. The need for such an officer in a large institution like this is real. Hence D.O.W. may be asked to send up proposals for a residential building and to include the work in the D.O.W. Budget.

17) At present there is no vacant building for the proposed R.M.O. of the Minto Hospital. The Medical Officer of the Victoria Hospital is not entitled to quarters & the S.S. Committee has decided that it is unnecessary that he should reside at the spot. He may be asked to vacate the building in a reasonable time and it may be made available for the proposed R.M.O. of the Minto Hospital.

18) As this building would be at some distance from the Minto Hospital, it might be desirable to construct another in the compound of that Hospital itself in due course.

19) The questions raised, viz (i) the appt of a R.M.O. for the Minto Oph. Hospital: (ii) his emoluments: & (iii) Quarters for him, may be settled at a meeting of the Council, if approved.
